MUSIC: Veda Hill - One Hot Summer

--My Incipient Tomatoes in their tiny little ghetto hothouse are making itty bitty little pale green curls.

--Every cat in the neighborhood except the Angry Kitten has visited the cat food stash. I have a lovely assortment of mugshots on my laptop. I suspect she may have decided I am a Bad Monkey and my "back porch" is a Bad Place. Sad. At least she was fatter when she was released, though, and she'd grown about three inches in length. Poor Teen Mother Cat.

--Elbow hyperextended, shoulder mild sprain. It'll heal.

```
--Not fast enough, dammit.
```

--Ruthless Girlfriend is indeed even more Ruthless than anticipated. (This is a notice of approval. Um. Because I never never never *ever* want her mad at me.) And as you probably guessed from Sunday's post, found out about the blog and **mostly** didn't hurt me for talking about her on the internet. Has informed me that I can expect continued Congressional Oversight of this channel. (Hi, Madame President. ::waves::)

--Have been reading flist notices of Shoggoth Arrivals with great glee.

--Summer Is A Cumin In. And also not fast enough, dammit. If we get a weekend with some decent weather,  **trollcatz** (<https://trollcatz.livejournal.com/>), wanna go find a real outdoor rock to fall off?

--Work: still worky in the paperworky sense. I am a Big Damn Paperwork Hero. ~~All the cute girls down the hall~~ Pauley tells me so.

If I do whatever you tell me to, does that make me your bitch?

Thanks, Chaz. I really didn't want to drink that coffee. It looks so much better all over my monitor!

What I meant, sir, is that I'm pleased about the things you posted. Angry kitteh has grown! You have a nifty girlfriend! And so forth.

...Now, is the correct thing to say "Woot!" or "oops?"

::glances disdainfully::

"Woot," of course. Had you any doubt?

Oh that's right6. Sorry. I'm a bit tired this week.

I had to go back into your archives to figure out what you meant by shoggoth.

It was a fun few hours to waste at work. (also, YUMMEH recipes)

Thank you!

It's fun working in the testing kitchen!

Mmm, test kitchen.

What's a week-end?

(Mildly annoying girl-speak: Ice the ouches! They'll ouch less!)

Actually, they're past the icing stage. However, if you want to join the Chaz-nagging squad, I'm afraid I already have a roster of girls to nag me.

0.0

I'm afraid you'll have to get in line. They have some sort of order of precedence worked out, but I am not kept informed.

I'm just a part time nagger of roommates. The rest of the time I'm the nagged one.

Really, do you want to know about the numbers of the Chaz-Nagging Squad? That might be kind of scary. Or, at least, unsettling.

March 19 2008, 22:07:04 UTC COLLAPSE

We've realized you don't like to be nagged all at once, so we've got a sign-up sheet.

Hmm, there's an unfilled slot for the 22nd of the month from 2-4pm Eastern (U.S.)...

I thought I had that time slot? Oh wait, I've not on 'til the following week . . .

Never mind weather. Do we *have* weekends? Are they still making those?

On the other hand, it's Wednesday, and nothing has Loomed™ yet.

 [cvillette](#)

March 19 2008, 20:28:23 UTC COLLAPSE

We **sometimes** have weekends.

They seem to have shipped a box, anyway. We might as well use 'em before they go bad.

Bah. Rain for Saturday. Clear on Sunday. On the other hand, it's only going to be 50 degrees, which may be some people's idea of summer, but given what I know of your druthers, you'll be shivering with anticip...

This cracks me up beyond the telling. Is there anything else that would cause you to *agitate* for going out in relative cold and damp for hours at a time? I am so going to remind you of this next time you're shivering and whimpering outside a club... *g*

I mean, if you don't *want* to go, I can ask Bushy...

Sure, you can ask Bushy. If I'm *dead*.

Don't worry. Kitty will come back eventually. She's just being contrary right now because--well, she's a cat, it's what they do.

She'll come back two days after you've given up all hope of ever seeing her again, and glare at you ferociously just for existing, and then you can be happy.

Also, summer? Bah, humbug. You're welcome to it. ~shoots own disgusted glare in direction of late unlamented Adelaide Heatwave~ Winter is icumen in here, and I couldn't be happier.

You could send me that heatwave if you're not using it. I grew up in the desert, you see, and I thermoregulate like a snake....

If I'd known that, I'd have boxed it up and shipped it over to you a fortnight ago!
